

# Solderless Field Termination Captive Pin N Connectors

**SKU:** 970024

**MSRP:** \$14.95

**Product Web Page:**

## FEATURES

- The gold-plated captive center pin allows the cable to be terminated without soldering or crimping.
- The solderless N connectors are meant to terminate LMR400 or equivalent cable (connectors will work on Wilson-400, LMR-400, CNT-400, TWS-400).
- The connector is fabricated with nickel plated brass and is acceptable for indoor or outdoor use.
- The connectors can only be used on cables with a solid conductor.

## ELECTRICAL

Supported Frequencies	0~3.0 GHz
Impedance	50 $\Omega$
VSWR	$\leq 1.18$ at 0~3.0 GHz
Withstanding Voltage	$\geq 1500V$

 **Warning:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

## About

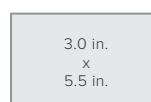

The solderless connectors can be used to field terminate cables. The connectors eliminate soldering, which makes it easier to get a good termination while on location. This allows installers to make custom cable lengths in the field rather than having to measure cable runs before the installation and building cables in the shop of the job.

## Kit Includes

## Package Dimensions

Sealed Polybag 3.0" L x 5.5" W

**FRONT**

**WEIGHT**

**MASTER CARTON (50 QTY.):** 16 L x 12 W x 6 H | 5.88 lbs.

FOR PARTNER'S USE
