

SureCall Cradle Vehicle Antenna

SC-Cradle-F

Universal Dash-Mount Phone Cradle with Built-In Mobile Antenna

Overview

SureCall's universal dash-mount phone cradle with mobile antenna offers all the convenient features of a standard vehicle phone cradle with the added benefit of a built-in cellular antenna. The phone cradle includes ball-joint attachment with a swivel mounting base for multiple interior mounting options.

Features / Benefits

- Adjustable to fit any size cell phone
- Built-in cradle antenna communicates directly with the cell phone
- Multiple mounting options: Adhesive or permanent-mount base or vent clip
- Attached 13" cable with FME-Female connector
- Installs in minutes
- Spring-loaded expandable grip arms and optional base support folds down to secure phone in cradle
- Industry's best 3-year warranty, lifetime US-based tech support

Mounting Options

Ball joint to adhesive or permanent base – or ball joint to vent clip
